_____

Team Contract

These are the terms of group conduct and cooperation that we agree on as a team.

Participation: We agree to share the workload evenly for this project. We will all work on each part of the project as a team.

Communication: We will communicate with each other using WhatsApp and Zoom. Version control will be done via git.

Meetings: We plan to meet each week to discuss what we've worked on so far, to ask questions and discuss problems that have arisen, and to plan what we will work on for the week ahead.

Conflict: In case of unequal contributions or failure to meet agreed-upon deadlines or checkpoints the group members may decide to inform the professor and recommend a grade/penalty based on the other member's contribution. In case of conflict or arguments, the majority opinion rules.
